PROSPECTUS SUPPLEMENT

To a Short Form Base Shelf Prospectus Dated February 22, 2013

New Issue

September 4, 2014

PEMBINA PIPELINE CORPORATION

\$250,000,000

**10,000,000 Cumulative Redeemable Rate Reset
Class A Preferred Shares, Series 7**

Pembina Pipeline Corporation (the "**Corporation**" or "**Pembina**") is hereby qualifying the distribution (the "**Offering**") of 10,000,000 cumulative redeemable rate reset Class A Preferred Shares, Series 7 ("**Series 7 Shares**") of the Corporation at a price of \$25.00 per Series 7 Share. See "Details of the Offering" and "Plan of Distribution".

The holders of Series 7 Shares will be entitled to receive, as and when declared by the board of directors of the Corporation out of moneys of the Corporation properly applicable to the payment of dividends, fixed cumulative preferential cash dividends for the initial period (the "**Initial Fixed Rate Period**") from and including the date of issue of the Series 7 Shares to but excluding December 1, 2019, at an annual rate of \$1.125 per share, payable quarterly on the 1st day of March, June, September and December in each year. If any such date is not a business day, the dividend will be paid on the next succeeding business day. Assuming an issue date of September 11, 2014, the first dividend, if declared, will be payable December 1, 2014, in the amount of \$0.2497 per share.

For each five-year period after the Initial Fixed Rate Period (each a "**Subsequent Fixed Rate Period**", as defined herein), the holders of Series 7 Shares shall be entitled to receive, as and when declared by the board of directors of the Corporation, fixed cumulative preferential cash dividends, payable quarterly on the 1st day of March, June, September and December in each year, in the amount per share determined by multiplying one-quarter of the Annual Fixed Dividend Rate (as defined herein) for such Subsequent Fixed Rate Period by \$25.00. The Annual Fixed Dividend Rate for the ensuing Subsequent Fixed Rate Period will be determined by the Corporation on the Fixed Rate Calculation Date (as defined herein) and will be equal to the sum of the Government of Canada Yield (as defined herein) on the Fixed Rate Calculation Date plus a spread of 2.94%. The 2.94% spread will remain unchanged over the life of the Series 7 Shares. See "Details of the Offering".

The Series 7 Shares shall not be redeemable prior to December 1, 2019. Subject to the provisions described under "Details of the Offering – Certain Provisions of Series 7 Shares – Restrictions on Payments and Reductions of Capital", on December 1, 2019, and on December 1 in every fifth year thereafter, the Corporation may, at its option, upon not less than 30 days and not more than 60 days prior written notice, redeem for cash all or any part of the outstanding Series 7 Shares by the payment of \$25.00 per Series 7 Share plus all accrued and unpaid dividends. See "Details of the Offering".

Option to Convert into Series 8 Shares

The holders of the Series 7 Shares will have the right to convert all or any of their shares into cumulative redeemable floating rate Class A Preferred Shares, Series 8 of the Corporation (the "**Series 8 Shares**"), subject to certain conditions, on December 1, 2019 and on December 1 in every fifth year thereafter. The holders of the Series 8 Shares will be entitled to receive, as and when declared by the board of directors of the Corporation, quarterly floating rate cumulative preferential cash dividends payable on the 1st day of March, June, September and December in each year (each such quarterly dividend period is referred to as a "**Quarterly Floating Rate Period**", as defined herein) in the amount per share determined by multiplying the Floating Quarterly Dividend Rate (as defined herein) for such Quarterly Floating Rate Period by \$25.00 and multiplying that product by a fraction, the numerator of which is the actual number of days in such Quarterly Floating Rate Period and the denominator of which is 365 or 366, depending upon the actual number of days in the applicable year. The Floating Quarterly Dividend Rate will be the annual rate of interest equal to the sum of the T-Bill Rate (as defined herein) on the applicable Floating Rate Calculation Date (as defined herein) plus a spread of 2.94%. The 2.94% spread will remain unchanged over the life of the Series 8 Shares. See "Details of the Offering".

The Series 7 Shares and Series 8 Shares are series of shares in the same class. The conversion right entitles holders to elect periodically which of the two series they wish to hold and does not entitle holders to receive a different class or type of securities. Other than the different dividend rights and redemption rights attached thereto, the Series 7 Shares and Series 8 Shares are identical in all material respects. See "Risk Factors".

See "Risk Factors".

The Toronto Stock Exchange (the "**TSX**") has conditionally approved the listing of the Series 7 Shares and Series 8 Shares described in this prospectus supplement. Listing of the Series 7 Shares is subject to the Corporation fulfilling all the listing requirements of the TSX on or before December 3, 2014. Listing of the Series 8 Shares is subject to the Corporation fulfilling all the listing requirements of the TSX, including the public distribution requirements of the Series 8 Shares at the time of any conversion into Series 8 Shares.

It is currently anticipated that the closing date of the Offering (the "**Offering Closing Date**") will be on or about September 11, 2014, or such later date as the Corporation and the Underwriters may agree but in any event not later than September 30, 2014. See "Details of the Offering".

The terms of the Offering were determined by negotiations between the Corporation and CIBC World Markets Inc. and Scotia Capital Inc. (together, the "**Co-Lead Underwriters**"), on their own behalf and on behalf of RBC Dominion Securities Inc., BMO Nesbitt Burns Inc., National Bank Financial Inc., TD Securities Inc. and GMP Securities L.P. (collectively, the "**Underwriters**").

The Underwriters, as principals, conditionally offer the Series 7 Shares, subject to prior sale, if, as and when issued by the Corporation to, and accepted by, the Underwriters in accordance with the conditions contained in the Underwriting Agreement referred to under "Plan of Distribution", and subject to the approval of certain legal matters relating to the Offering on behalf of the Corporation by Blake, Cassels & Graydon LLP and on behalf of the Underwriters by Stikeman Elliott LLP.

Subscriptions will be received subject to rejection or allotment in whole or in part and the Underwriters reserve the right to close the subscription books at any time without notice. Book entry only certificates representing the Series 7 Shares will be issued in registered form to CDS Clearing and Depository Services Inc. ("CDS") or its nominee and will be deposited with CDS on the Offering Closing Date. A purchaser of Series 7 Shares will receive only a customer confirmation from a registered dealer which is a CDS participant and from or through which the Series 7 Shares are purchased. See "Depository Services".

Subject to applicable laws, the Underwriters may, in connection with the Offering, over-allot or effect transactions which stabilize or maintain the market price of the Series 7 Shares at levels other than those which might otherwise prevail on the open market. **The Underwriters propose to offer the Series 7 Shares initially at the offering price specified above. After a reasonable effort has been made to sell all of the Series 7 Shares at the price specified, the Underwriters may reduce the selling price to investors from time to time in order to sell any of the Series 7 Shares remaining unsold. Any such reduction will not affect the proceeds received by the Corporation. See "Plan of Distribution".**

In the opinion of counsel, subject to the provisions of any particular plan, the Series 7 Shares, if issued on the date hereof, would be, on such date, qualified investments under the *Income Tax Act* (Canada) and the regulations thereunder (together, the "Tax Act") for certain tax-exempt trusts. See "Eligibility for Investment".

Investing in the Series 7 Shares involves certain risks. See "Risk Factors" in the accompanying Prospectus and in this prospectus supplement.

RECENT DEVELOPMENTS

Asset Acquisition

On September 1, 2014, Pembina agreed to acquire (the "**Acquisition**") the Vantage pipeline system ("**Vantage**") and Mistral Midstream Inc.'s ("**Mistral**") interest in the Saskatchewan Ethane Extraction Plant ("**SEEP**") and related infrastructure for aggregate consideration of US\$650 million, subject to customary closing adjustments, from certain entities affiliated with Riverstone Holdings LLC. The Acquisition will be completed by Pembina, directly or indirectly through a wholly-owned subsidiary, by the acquisition of all of the issued and outstanding shares of Vantage Pipeline Canada ULC ("**Vantage Canada**") and Mistral, pursuant to a plan of arrangement under Section 193 of the *Business Corporations Act* (Alberta) (the "**Arrangement**"), on the terms and conditions set forth in the arrangement agreement entered into among Pembina, Vantage Canada, Mistral and their respective shareholders, and all of the issued and outstanding partnership and member interests of Vantage Pipeline US LP and Vantage Pipeline US GP LLC, respectively, pursuant to a purchase and sale agreement entered into by Pembina and Riverstone Vantage Pipeline US LP. The Acquisition, which will have an effective date of August 1, 2014, is expected to close in the fourth quarter of 2014 and is subject to certain regulatory approvals (including approval of the National Energy Board and under the *Competition Act* (Canada) and the *Canada Transportation Act*), court approval in the case of the Arrangement, required consents and other customary closing conditions, including the approval of the TSX. Pembina intends to fund the Acquisition with cash of US\$395 million and, pursuant to the Arrangement, the issuance of 5.61 million of its common shares ("**Common Shares**") (worth US\$255 million calculated based on the volume weighted average trading price on the TSX for the five trading day period ended August 29, 2014 and a US dollar to Canadian dollar exchange rate of 1.0858). The cash portion of the total consideration is expected to be funded in part by proceeds from the Offering and in part by drawing on the Revolving Credit Facility (as defined herein). Pembina has also agreed to repay Vantage Canada's indebtedness under its credit facility (the "**Vantage Credit Facility**") of approximately US\$224 million at closing of the Acquisition. See "Use of Proceeds" and "Consolidated Capitalization of the Corporation".

Vantage is a high vapour pressure pipeline with a total current capacity of 40,000 barrels per day extending approximately 700 kilometres from Tioga, North Dakota northwest through Saskatchewan and terminating near Empress, Alberta, where it connects to the Alberta Ethane Gathering System pipeline. Pembina expects Vantage to provide long-term cash flow and strategic access to the North Dakota Bakken play for future natural gas liquids opportunities.

As part of the Acquisition, Pembina will also acquire Mistral's interest in SEEP, a development-stage 60 million cubic feet per day deep cut gas processing facility that is centrally located to service the southeast Saskatchewan Bakken region, as well as certain related pipeline infrastructure. Once completed, SEEP is expected to have the capacity to produce up to 4,500 barrels per day of ethane and will connect into Vantage through a pipeline lateral that is also currently under construction. Pembina expects SEEP and associated pipeline lateral to be in-service in mid-2015 and Pembina anticipates incurring capital expenditures of approximately \$100 million (net to Pembina) prior to the end of 2015 in connection with the Acquisition and in order to complete the construction of SEEP and the associated gathering and delivery system.

Agreement for Development of West Coast Propane Export Terminal Project

On August 28, 2014, Pembina entered into an agreement (the "**Terminal Agreement**") with the Port of Portland, Oregon (the "**Port**") that sets forth the proposed site for Pembina's planned West Coast propane export terminal (the "**West Coast Terminal**"), which includes an existing marine berth, located within the city of Portland, and contains the material commercial lease terms for the development of the West Coast Terminal. The execution of the Terminal Agreement enables Pembina to undertake certain due diligence to assess the viability of the proposed terminal site, including to continue to progress detailed engineering work, undertake extensive environmental and regulatory reviews and assessments and, together with the Port, begin the process to obtain all the required permits and regulatory and third party approvals for the development of the West Coast Terminal. Under the terms of the Terminal Agreement, the West Coast Terminal is subject to Pembina and the Port entering into definitive agreements, the receipt of all environmental and regulatory permits and approvals and third party approvals necessary for the development of the West Coast Terminal.

Pembina intends to initially develop the West Coast Terminal into a 37,000 barrel per day propane export facility for an expected capital investment of approximately US\$500 million and with an anticipated in-service date of early-2018. The West Coast Terminal is expected to provide growing Canadian propane supply that is derived from natural gas produced in Western Canada with access to large, international markets while complementing Pembina's expanding integrated service offering for products that are derived from natural gas.

USE OF PROCEEDS

The net proceeds to the Corporation from the Offering will be \$242,500,000 after deducting the maximum Underwriters' fee of \$7,500,000 (assuming no Series 7 Shares are sold to certain institutions to result in a lower Underwriters' fee) and before deducting expenses of the Offering. The expenses of the Offering are approximately \$500,000 and will be paid from the general funds of the Corporation.

The net proceeds of the Offering will be used by the Corporation to partially fund the Acquisition (including repayment of the Vantage Credit Facility), fund a portion of the remainder of the Corporation's 2014 capital expenditure program, and for general corporate purposes. See "Recent Developments" for the description of the Acquisition and the assets being acquired pursuant thereto. Completion of the Offering is not contingent on the closing of the Acquisition. If the Acquisition does not close, the portion of the proceeds to be allocated to the Acquisition will be reallocated to fund a portion of the remainder of the Corporation's 2014 capital expenditure program and for general corporate purposes. See "Risk Factors – Risks Relating to the Acquisition".

As partial consideration for the Acquisition and pursuant to the Arrangement, the Corporation will issue 5.61 million Common Shares (worth US\$255 million calculated based on the volume weighted average trading price on the TSX for the five trading day period ended August 29, 2014 and a US dollar to Canadian dollar exchange rate of 1.0858). Within the last two years prior to the date of this prospectus supplement, the Corporation issued: (i) 11,206,750 Common Shares on March 21, 2013 pursuant to a public offering under the Prospectus; (ii) an aggregate of approximately 8 million Common Shares pursuant to conversion of the Series C Convertible Debentures, the Series E Convertible Debentures and the Series F Convertible Debentures; (iii) an aggregate of approximately 2 million Common Shares upon exercise of stock options ("**Options**") granted to certain employees of Pembina under its stock option plan; and (iv) an aggregate of approximately 18 million Common Shares pursuant to the DRIP. For a summary of the rights, privileges, restrictions and conditions attaching to the Common Shares see "Description of the Capital Structure of Pembina – Common Shares" in the AIF, which is incorporated by reference into the Prospectus. For further details on Pembina's capital expenditures, see the Annual MD&A, which is incorporated by reference into the Prospectus.

There is no particular significant event or milestone that must occur for Pembina's business objectives to be accomplished. While Pembina believes that it has the skills and resources necessary to accomplish its stated business objectives, participation in the transportation and midstream service industry has a number of inherent risks. See "Risk Factors" in this prospectus supplement, the Prospectus, the Annual MD&A and the AIF.

While the Corporation intends to use the net proceeds as stated above, there may be circumstances that are not known at this time where a reallocation of the net proceeds may be advisable for business reasons that management believes are in the Corporation's best interests.

EARNINGS COVERAGE

The following consolidated earnings coverage ratios of the Corporation are calculated for the twelve-month periods ended December 31, 2013, based on audited financial information, and June 30, 2014, based on unaudited financial information. The earnings coverage ratios set out below do not purport to be indicative of earnings coverage ratios for any future period. The following financial ratios give effect to the issuance of the Series 7 Shares pursuant to this prospectus supplement and the application of the net proceeds therefrom as described under "Use of Proceeds".

	Twelve Months Ended December 31, 2013	Twelve Months Ended June 30, 2014
Earnings coverage on long-term debt and preferred shares ⁽¹⁾	3.7	4.1

Note:

- (1) Earnings coverage is equal to profit or loss attributable to the shareholders of the Corporation before interest expense and income tax expense divided by interest expense (including capitalized interest) and preferred share dividend obligations. The Corporation's interest expense used in the calculation of the earnings coverage ratio for the twelve months ended December 31, 2013 has been adjusted to reflect: (i) the issuance by the Corporation of 10,000,000 cumulative redeemable rate reset Class A Preferred Shares, Series 5 ("**Series 5 Shares**") on January 16, 2014 and the Series 4 MTNs, including the use of proceeds therefrom (which included the repayment of the senior unsecured term facility on April 7, 2014); and (ii) the repayment of the Series A Senior Notes bearing interest rate of 5.99% per annum and which matured on June 15, 2014 (the "**Series A Notes**"); as if the Series 5 Shares and the Series 4 MTNs were issued and the proceeds used, and the Series A Notes were repaid, as at January 1, 2013.

Pembina's dividend requirements on all of its Class A Preferred Shares, after giving effect to the issue of the Series 7 Shares to be distributed under this prospectus supplement, and adjusted to a before-tax equivalent using an effective income tax rate of 25%, amounted to \$30 million for the twelve month period ended December 31, 2013 and \$32 million for the twelve month period ended June 30, 2014. Pembina's adjusted interest expense requirements for the twelve month period ended December 31, 2013 amounted to \$128 million and for the twelve month period ended June 30, 2014 amounted to \$131 million. The amounts for the twelve months ended December 31, 2013 are adjusted to reflect: (i) the issuance by the Corporation of the Series 5 Shares and the Series 4 MTNs, including the use of proceeds therefrom (which included the repayment of the senior unsecured term facility on April 7, 2014); and (ii) the repayment of the Series A Notes. Pembina's profit or loss attributable to the shareholders of the Corporation before interest expense and income tax for the twelve month period ended December 31, 2013 was \$590 million and for the twelve month period ended June 30, 2014 was \$675 million, which is 3.7 times and 4.1 times Pembina's aggregate dividend and adjusted interest expense requirements for such periods, respectively.

Certain Provisions of the Class A Preferred Shares as a Class

Subject to certain limitations, the board of directors of the Corporation may, from time to time, issue Class A Preferred Shares in one or more series and determine for any such series, prior to any issuance, its designation, number of shares and respective rights, privileges, restrictions and conditions. The Class A Preferred Shares, as a class, have, among others, provisions to the effect set forth below.

Ranking and Priority

Each series of Class A Preferred Shares shall have priority over the Common Shares, the Class B Preferred Shares and any other class of Pembina's shares ranking junior to the Class A Preferred Shares with respect to redemption, the payment of dividends, the return of capital and the distribution of assets in the event of the liquidation, dissolution or winding-up of Pembina. The Class A Preferred Shares of any series may also be given such preferences, not inconsistent with the provisions of Pembina's articles, over the Common Shares, the Class B Preferred Shares and over any other class of Pembina's shares ranking junior to the Class A Preferred Shares, as may be determined by the board of directors of Pembina.

Parity Among Series

Each series of Class A Preferred Shares shall rank on parity with every other series of Class A Preferred Shares, in each case with respect to redemption, the payment of dividends, the return of capital and the distribution of assets in the event of the liquidation, dissolution or winding up of Pembina.

Dividends

The holders of each series of Class A Preferred Shares shall be entitled to receive dividends (which may be cumulative or non-cumulative and variable or fixed) as and when declared by the board of directors of Pembina.

Participation

If any cumulative dividends or amounts payable on a return of capital in the event of the liquidation, dissolution or winding-up of Pembina in respect of a series of Class A Preferred Shares are not paid in full, the Class A Preferred Shares of all series shall participate rateably in: (a) the amounts that would be payable on such shares if all such dividends were declared at or prior to such time and paid in full; and (b) the amounts that would be payable in respect of the return of capital as if all such amounts were paid in full; provided that if there are insufficient assets to satisfy all such claims, the claims of the holders of the Class A Preferred Shares with respect to repayment of capital shall first be paid and satisfied and any assets remaining shall be applied towards the payment and satisfaction of claims in respect of dividends. After payment to the holders of any series of Class A Preferred Shares of the amount so payable, the holders of such series of Class A Preferred Shares shall not be entitled to share in any further distribution of the property or assets of Pembina in the event of the liquidation, dissolution or winding up of Pembina.

Conversion

No series of Class A Preferred Shares shall be convertible into any other class of Pembina's shares but they may be convertible into another series of Class A Preferred Shares.

Redemption

Each series of Class A Preferred Shares shall be redeemable by Pembina on such terms as determined by the board of directors of Pembina.

Voting

Holders of any series of Class A Preferred Shares will not be entitled (except as otherwise provided by law and except for meetings of the holders of Class A Preferred Shares or a series thereof) to receive notice of, attend at, or vote at any meeting of shareholders of the Corporation, unless the board of directors of the Corporation shall determine otherwise, in which case voting rights shall only be provided in circumstances where the Corporation shall have failed to pay a certain number of dividends on such series of Class A Preferred Shares, which determination and number of dividends and any other terms in respect of such voting rights, shall be determined by the board of directors of the Corporation and set out in the designations, rights, privileges, restrictions and conditions of such series of Class A Preferred Shares.

Limitation of the Number of Class A Preferred Shares

The number of Class A Preferred Shares which may be issued and outstanding at any time shall be limited to a number equal to not more than twenty percent of the number of issued and outstanding Common Shares at the time of issuance of any Class A Preferred Shares.

Certain Provisions of the Series 7 Shares

Issue Price

The Series 7 Shares will have an issue price of \$25.00 per share.

Dividends on Series 7 Shares

During the Initial Fixed Rate Period, the holders of the Series 7 Shares shall be entitled to receive and the Corporation shall pay, as and when declared by the board of directors, out of the moneys of the Corporation properly applicable to the payment of dividends, fixed cumulative preferential cash dividends at an annual rate of \$1.125 per share, payable quarterly on each Dividend Payment Date in each year. The first dividend, if declared, shall be payable on December 1, 2014, and, notwithstanding the foregoing, shall be in the amount per share determined by multiplying \$1.125 by the number of days in the period from and including the date of issue of the Series 7 Shares to but excluding December 1, 2014, and dividing that product by 365.

During each Subsequent Fixed Rate Period, the holders of the Series 7 Shares shall be entitled to receive and the Corporation shall pay, as and when declared by the board of directors, out of the moneys of the Corporation properly applicable to the payment of dividends, fixed cumulative preferential cash dividends, payable quarterly on each Dividend Payment Date, in the amount per share determined by multiplying one-quarter of the Annual Fixed Dividend Rate for such Subsequent Fixed Rate Period by \$25.00.

On each Fixed Rate Calculation Date, the Corporation shall determine the Annual Fixed Dividend Rate for the ensuing Subsequent Fixed Rate Period. Each such determination shall, in the absence of manifest error, be final and binding upon the Corporation and upon all holders of Series 7 Shares. The Corporation shall, on each Fixed Rate Calculation Date, give written notice of the Annual Fixed Dividend Rate for the ensuing Subsequent Fixed Rate Period to the registered holders of the then outstanding Series 7 Shares.

Redemption of Series 7 Shares

The Series 7 Shares shall not be redeemable prior to December 1, 2019. Subject to the provisions described under "Restrictions on Payments and Reductions of Capital", on December 1, 2019 and on December 1 in every fifth year thereafter, the Corporation may redeem all or any part of the Series 7 Shares by the payment of an amount in cash for each share to be redeemed equal to \$25.00 plus all accrued and unpaid dividends thereon to but excluding the date fixed for redemption.

Notice of any redemption of Series 7 Shares will be given by the Corporation not more than 60 days and not less than 30 days prior to the date fixed for redemption. If less than all of the outstanding Series 7 Shares are at any time

to be redeemed, the shares so to be redeemed shall be selected by lot in such manner as the board of directors of the Corporation or the transfer agent or registrar, if any, appointed by the Corporation in respect of such shares shall decide, or, if the board of directors of the Corporation so decides, such shares may be redeemed *pro rata* (disregarding fractions).

From and after the date specified in a notice of redemption, the Series 7 Shares called for redemption shall cease to be entitled to dividends and the holders shall not be entitled to exercise any of the rights of holders in respect thereof unless payment of the cash redemption price is not made upon presentation of certificates in accordance with the provisions of the Series 7 Shares, in which case the rights of the holders shall remain unaffected.

Conversion of Series 7 Shares into Series 8 Shares

The Series 7 Shares shall not be convertible prior to December 1, 2019. Holders of Series 7 Shares shall have the right to convert on each Series 7 Conversion Date, subject to certain restrictions, all or any of their Series 7 Shares into Series 8 Shares on the basis of one Series 8 Share for each Series 7 Share. Notice of a holder's intention to convert Series 7 Shares must be received by the transfer agent and registrar for the Series 7 Shares at its principal office in Toronto or Calgary not earlier than the 30th day prior to, but not later than 5:00 p.m. (Toronto time) on the 15th day preceding, a Series 7 Conversion Date. Once received by the transfer agent and registrar on behalf of the Corporation, the election of a holder to convert is irrevocable.

The Corporation shall, not more than 60 days and not less than 30 days prior to the applicable Series 7 Conversion Date, give notice to the then registered holders of the Series 7 Shares of the conversion right. On the 30th day prior to each Series 7 Conversion Date, the Corporation shall give notice to the then registered holders of the Series 7 Shares of the Annual Fixed Dividend Rate for the Series 7 Shares for the next succeeding Subsequent Fixed Rate Period and the Floating Quarterly Dividend Rate for the Series 8 Shares for the next succeeding Quarterly Floating Rate Period.

Holders of Series 7 Shares shall not be entitled to convert their shares into Series 8 Shares if the Corporation determines that there would remain outstanding on a Series 7 Conversion Date less than 1,000,000 Series 8 Shares, after having taken into account all Series 7 Shares tendered for conversion into Series 8 Shares and all Series 8 Shares tendered for conversion into Series 7 Shares. The Corporation shall give notice thereof to all affected registered holders of the Series 7 Shares at least seven days prior to the applicable Series 7 Conversion Date. Furthermore, if the Corporation determines that there would remain outstanding on a Series 7 Conversion Date less than 1,000,000 Series 7 Shares, after having taken into account all Series 7 Shares tendered for conversion into Series 8 Shares and all Series 8 Shares tendered for conversion into Series 7 Shares, then all of the remaining outstanding Series 7 Shares shall be converted automatically into Series 8 Shares on the basis of one Series 8 Share for each Series 7 Share on the applicable Series 7 Conversion Date and the Corporation shall give notice thereof to the then registered holders of such remaining Series 7 Shares at least seven days prior to the Series 7 Conversion Date.

The Corporation reserves the right not to deliver Series 8 Shares to any person that the Corporation or its transfer agent has reason to believe is a person whose address is in, or that the Corporation or its transfer agent has reason to believe is a resident of, any jurisdiction outside Canada if such delivery would require the Corporation to take any action to comply with the securities laws of such jurisdiction.

If the Corporation gives notice to the holders of the Series 7 Shares of the redemption of all of the Series 7 Shares, the right of a holder of Series 7 Shares to convert such Series 7 Shares shall terminate and the Corporation shall not be required to give notice to the registered holders of the Series 7 Shares of the Annual Fixed Dividend Rate for the Series 7 Shares for the next succeeding Subsequent Fixed Rate Period, the Floating Quarterly Dividend Rate for the Series 8 Shares for the next succeeding Quarterly Floating Rate Period or the conversion right of holders of Series 7 Shares.

The Series 7 Shares and Series 8 Shares are series of shares in the same class. The conversion right entitles holders to elect periodically which of the two Series they wish to hold and does not entitle holders to receive a different class or type of securities. Other than the different dividend rights and redemption rights attached thereto, the Series 7 Shares and Series 8 Shares are identical in all material respects.

Purchase for Cancellation

Subject to the provisions described under "Restrictions on Payments and Reductions of Capital" below, the Corporation may at any time or times purchase for cancellation all or any part of the Series 7 Shares at the lowest price or prices at which, in the opinion of the board of directors of the Corporation, such shares are obtainable.

Rights on Liquidation

In the event of the liquidation, dissolution or winding-up of the Corporation or any other distribution of assets of the Corporation among its shareholders for the purpose of winding up its affairs, the holders of the Series 7 Shares shall be entitled to receive \$25.00 per Series 7 Share plus all accrued and unpaid dividends thereon before any amount shall be paid or any property or assets of the Corporation shall be distributed to the holders of the Common Shares or to the holders of any other shares ranking junior to the Series 7 Shares in any respect. After payment to the holders of the Series 7 Shares of the amount so payable to them, they shall not, as such, be entitled to share in any further distribution of the property or assets of the Corporation.

Restrictions on Payments and Reductions of Capital

So long as any Series 7 Shares are outstanding, the Corporation shall not:

- (a) call for redemption, purchase, reduce or otherwise pay for less than all the Series 7 Shares and all other preferred shares then outstanding ranking prior to or on a parity with the Series 7 Shares with respect to payment of dividends,
- (b) declare, pay or set apart for payment any dividends (other than stock dividends in shares of the Corporation ranking junior to the Series 7 Shares) on the Common Shares or any other shares of the Corporation ranking junior to the Series 7 Shares with respect to payment of dividends, or
- (c) call for redemption, purchase, reduce or otherwise pay for any shares of the Corporation ranking junior to the Series 7 Shares with respect to repayment of capital or with respect to payment of dividends,

unless all dividends up to and including the dividends payable on the last preceding dividend payment dates on the Series 7 Shares and on all other preferred shares then outstanding ranking prior to or on a parity with the Series 7 Shares with respect to payment of dividends shall have been declared and paid or set apart for payment at the date of any such action.

Creation or Issue of Additional Shares

So long as any Series 7 Shares are outstanding, the Corporation shall not, without the prior approval of the holders of the Series 7 Shares, create or issue any shares ranking prior to or on a parity with the Series 7 Shares with respect to repayment of capital or payment of dividends, provided that the Corporation may without such approval issue additional series of Class A Preferred Shares if all dividends then payable on the Series 7 Shares shall have been paid or set apart for payment.

Voting Rights

Except as otherwise provided by law and except for meetings of the holders of Class A Preferred Shares as a class and meetings of the holders of Series 7 Shares as a series, the holders of the Series 7 Shares are not entitled to voting rights or to receive notice of or to attend shareholders' meetings unless dividends on the Series 7 Shares are in arrears to the extent of eight quarterly dividends, whether or not consecutive. Until all such arrears of dividends have been paid, holders of Series 7 Shares will be entitled to receive notice of and to attend all shareholders' meetings at which directors are to be elected and which take place more than 60 days after the date on which the failure first occurred (other than separate meetings of holders of another class or series of shares) and to one vote in respect of each Series 7 Share held with respect to resolutions to elect directors.

Tax Election

The Series 7 Shares will be "taxable preferred shares" as defined in the Tax Act for purposes of the tax under Part IV.1 of the Tax Act applicable to certain corporate holders of the Series 7 Shares. The terms of the Series 7 Shares require the Corporation to make the necessary election under Part VI.1 of the Tax Act so that such corporate holders will not be subject to the tax under Part IV.1 of the Tax Act on dividends received (or deemed to be received) on the Series 7 Shares. See "Certain Canadian Federal Income Tax Considerations - Dividends".

Modification

The provisions attaching to the Series 7 Shares may be amended with the written approval of all the holders of the Series 7 Shares outstanding or by at least two-thirds of the votes cast at a meeting of the holders of such shares duly called for that purpose.

Business Day

If any day on which any dividend on the Series 7 Shares is payable by the Corporation or on or by which any other action is required to be taken by the Corporation is not a business day, then such dividend shall be payable and such other action may be taken on or by the next succeeding day that is a business day. For the purposes hereof, "business day" shall mean a day on which banks are generally open for business in both Calgary, Alberta and Toronto, Ontario.

Certain Provisions of the Series 8 Shares

Issue Price

The Series 8 Shares will be issuable only upon conversion of Series 7 Shares and will have an ascribed issue price of \$25.00 per share.

Dividends on Series 8 Shares

During each Quarterly Floating Rate Period, the holders of the Series 8 Shares shall be entitled to receive and the Corporation shall pay, as and when declared by the board of directors, out of the moneys of the Corporation properly applicable to the payment of dividends, cumulative preferential cash dividends, payable on each Dividend Payment Date, in the amount per share determined by multiplying the Floating Quarterly Dividend Rate for such Quarterly Floating Rate Period by \$25.00 and multiplying that product by a fraction, the numerator of which is the actual number of days in such Quarterly Floating Rate Period and the denominator of which is 365 or 366, depending upon the actual number of days in the applicable year.

On each Floating Rate Calculation Date, the Corporation shall determine the Floating Quarterly Dividend Rate for the ensuing Quarterly Floating Rate Period. Each such determination shall, in the absence of manifest error, be final and binding upon the Corporation and upon all holders of Series 8 Shares. The Corporation shall, on each Floating Rate Calculation Date, give written notice of the Floating Quarterly Dividend Rate for the ensuing Quarterly Floating Rate Period to the registered holders of the then outstanding Series 8 Shares.

Redemption of Series 8 Shares

Subject to the provisions described under "Restrictions on Payments and Reductions of Capital" below, the Corporation may redeem all or any part of the Series 8 Shares by the payment of an amount in cash for each share to be redeemed equal to (i) \$25.00 in the case of a redemption on any Series 8 Conversion Date on or after December 1, 2024, or (ii) \$25.50 in the case of a redemption on any date after December 1, 2019 that is not a Series 8 Conversion Date, in each case plus all accrued and unpaid dividends thereon to but excluding the date fixed for redemption.

Notice of any redemption of Series 8 Shares will be given by the Corporation not more than 60 days and not less than 30 days prior to the date fixed for redemption. If less than all of the outstanding Series 8 Shares are at any time to be redeemed, the shares so to be redeemed shall be selected by lot in such manner as the board of directors of the Corporation or the transfer agent or registrar, if any, appointed by the Corporation in respect of such shares shall decide, or, if the board of directors of the Corporation so decides, such shares may be redeemed *pro rata* (disregarding fractions).

From and after the date specified in a notice of redemption, the Series 8 Shares called for redemption shall cease to be entitled to dividends and the holders shall not be entitled to exercise any of the rights of holders in respect thereof unless payment of the cash redemption price is not made upon presentation of certificates in accordance with the provisions of the Series 8 Shares, in which case the rights of the holders shall remain unaffected.

Conversion of Series 8 Shares into Series 7 Shares

The Series 8 Shares shall not be convertible prior to December 1, 2024. Holders of Series 8 Shares shall have the right to convert on each Series 8 Conversion Date, subject to certain restrictions, all or any of their Series 8 Shares into Series 7 Shares on the basis of one Series 7 Share for each Series 8 Share. Notice of a holder's intention to convert Series 8 Shares must be received by the transfer agent and registrar for the Series 8 Shares at its principal office in Toronto or Calgary not earlier than the 30th day prior to, but not later than 5:00 p.m. (Toronto time) on the 15th day preceding, a Series 8 Conversion Date. Once received by the transfer agent and registrar on behalf of the Corporation, the election of a holder to convert is irrevocable.

The Corporation shall, not more than 60 days and not less than 30 days prior to the applicable Series 8 Conversion Date, give notice to the then registered holders of the Series 8 Shares of the conversion right. On the 30th day prior to each Series 8 Conversion Date, the Corporation shall give notice to the then registered holders of the Series 8 Shares of the Annual Fixed Dividend Rate for the Series 7 Shares for the next succeeding Subsequent Fixed Rate Period and the Floating Quarterly Dividend Rate for the Series 8 Shares for the next succeeding Quarterly Floating Rate Period.

Holders of Series 8 Shares shall not be entitled to convert their shares into Series 7 Shares if the Corporation determines that there would remain outstanding on a Series 8 Conversion Date less than 1,000,000 Series 7 Shares, after having taken into account all Series 7 Shares tendered for conversion into Series 8 Shares and all Series 8 Shares tendered for conversion into Series 7 Shares. The Corporation shall give notice thereof to all affected registered holders of the Series 8 Shares at least seven days prior to the applicable Series 8 Conversion Date. Furthermore, if the Corporation determines that there would remain outstanding on a Series 8 Conversion Date less than 1,000,000 Series 8 Shares, after having taken into account all Series 7 Shares tendered for conversion into Series 8 Shares and all Series 8 Shares tendered for conversion into Series 7 Shares, then all of the remaining outstanding Series 8 Shares shall be converted automatically into Series 7 Shares on the basis of one Series 7 Share for each Series 8 Share on the applicable Series 8 Conversion Date and the Corporation shall give notice thereof to the then registered holders of such remaining Series 8 Shares at least seven days prior to the Series 8 Conversion Date.

The Corporation reserves the right not to deliver Series 7 Shares to any person that the Corporation or its transfer agent has reason to believe is a person whose address is in, or that the Corporation or its transfer agent has reason to believe is a resident of, any jurisdiction outside Canada if such delivery would require the Corporation to take any action to comply with the securities laws of such jurisdiction.

If the Corporation gives notice to the holders of the Series 8 Shares of the redemption of all of the Series 8 Shares, the right of a holder of Series 8 Shares to convert such Series 8 Shares shall terminate and the Corporation shall not be required to give notice to the registered holders of the Series 8 Shares of the Annual Fixed Dividend Rate for the Series 7 Shares for the next succeeding Subsequent Fixed Rate Period, the Floating Quarterly Dividend Rate for the Series 8 Shares for the next succeeding Quarterly Floating Rate Period or the conversion right of holders of Series 8 Shares.

The Series 7 Shares and Series 8 Shares are series of shares in the same class. The conversion right entitles holders to elect periodically which of the two series they wish to hold and does not entitle holders to receive a different class

or type of securities. Other than the different dividend rights and redemption rights attached thereto, the Series 7 Shares and Series 8 Shares are identical in all material respects.

Purchase for Cancellation

Subject to the provisions described under "Restrictions on Payments and Reductions of Capital" below, the Corporation may at any time or times purchase for cancellation all or any part of the Series 8 Shares at the lowest price or prices at which, in the opinion of the board of directors of the Corporation, such shares are obtainable.

Rights on Liquidation

In the event of the liquidation, dissolution or winding-up of the Corporation or any other distribution of assets of the Corporation among its shareholders for the purpose of winding up its affairs, the holders of the Series 8 Shares shall be entitled to receive \$25.00 per Series 8 Share plus all accrued and unpaid dividends thereon before any amount shall be paid or any property or assets of the Corporation shall be distributed to the holders of the Common Shares or to the holders of any other shares ranking junior to the Series 8 Shares in any respect. After payment to the holders of the Series 8 Shares of the amount so payable to them, they shall not, as such, be entitled to share in any further distribution of the property, or assets of the Corporation.

Restrictions on Payments and Reductions of Capital

So long as any Series 8 Shares are outstanding, the Corporation shall not:

- (a) call for redemption, purchase, reduce or otherwise pay for less than all the Series 8 Shares and all other preferred shares then outstanding ranking prior to or on a parity with the Series 8 Shares with respect to payment of dividends,
- (b) declare, pay or set apart for payment any dividends (other than stock dividends in shares of the Corporation ranking junior to the Series 8 Shares) on the Common Shares or any other shares of the Corporation ranking junior to the Series 8 Shares with respect to payment of dividends, or
- (c) call for redemption, purchase, reduce or otherwise pay for any shares of the Corporation ranking junior to the Series 8 Shares with respect to repayment of capital or with respect to payment of dividends,

unless all dividends up to and including the dividends payable on the last preceding dividend payment dates on the Series 8 Shares and on all other preferred shares then outstanding ranking prior to or on a parity with the Series 8 Shares with respect to payment of dividends shall have been declared and paid or set apart for payment at the date of any such action.

Creation or Issue of Additional Shares

So long as any Series 8 Shares are outstanding, the Corporation shall not, without the prior approval of the holders of the Series 8 Shares, create or issue any shares ranking prior to or on a parity with the Series 8 Shares with respect to repayment of capital or payment of dividends, provided that the Corporation may without such approval issue additional series of Class A Preferred Shares if all dividends then payable on the Series 8 Shares shall have been paid or set apart for payment.

Voting Rights

Except as otherwise provided by law and except for meetings of the holders of Class A Preferred Shares as a class and meetings of the holders of Series 8 Shares as a series, the holders of the Series 8 Shares are not entitled to voting rights or to receive notice of or to attend shareholders' meetings unless dividends on the Series 8 Shares are in arrears to the extent of eight quarterly dividends, whether or not consecutive. Until all such arrears of dividends have been paid, holders of Series 8 Shares will be entitled to receive notice of and to attend all shareholders' meetings at which directors are to be elected and which take place more than 60 days after the date on which the

failure first occurred (other than separate meetings of holders of another class or series of shares) and to one vote in respect of each Series 8 Share held with respect to resolutions to elect directors.

Tax Election

The Series 8 Shares will be "taxable preferred shares" as defined in the Tax Act for purposes of the tax under Part IV.1 of the Tax Act applicable to certain corporate holders of the Series 8 Shares. The terms of the Series 8 Shares require the Corporation to make the necessary election under Part VI.1 of the Tax Act so that such corporate holders will not be subject to the tax under Part IV.1 of the Tax Act on dividends received (or deemed to be received) on the Series 8 Shares. See "Certain Canadian Federal Income Tax Considerations - Dividends".

Modification

The series provisions attaching to the Series 8 Shares may be amended with the written approval of all the holders of the Series 8 Shares outstanding or by at least two-thirds of the votes cast at a meeting or adjourned meeting of the holders of such shares duly called for that purpose.

Business Day

If any day on which any dividend on the Series 8 Shares is payable by the Corporation or on or by which any other action is required to be taken by the Corporation is not a business day, then such dividend shall be payable and such other action may be taken on or by the next succeeding day that is a business day. For the purposes hereof, "business day" shall mean a day on which banks are generally open for business in both Calgary, Alberta and Toronto, Ontario.

DEPOSITORY SERVICES

The Series 7 Shares and Series 8 Shares will be issued in "book entry only" form and must be purchased or transferred through a participant in the CDS depository service ("**CDS Participant**"). The Corporation will cause a global certificate or certificates representing any newly issued Series 7 Shares or Series 8 Shares to be delivered to, and registered in the name of, CDS or its nominee. All rights of holders of Series 7 Shares or Series 8 Shares must be exercised through, and all payments or other property to which such holder of Series 7 Shares or Series 8 Shares, as the case may be, is entitled, will be made or delivered by, CDS or the CDS Participant through which the holder of Series 7 Shares or Series 8 Shares holds such shares. Each person who acquires Series 7 Shares or Series 8 Shares will receive only a customer confirmation of purchase from the registered dealer from or through which the Series 7 Shares or Series 8 Shares are acquired in accordance with the practices and procedures of that registered dealer. The practices of registered dealers may vary, but generally customer confirmations are issued promptly after execution of a customer order. CDS is responsible for establishing and maintaining book entry accounts for its CDS Participants having interests in the Series 7 Shares or Series 8 Shares.

The ability of a beneficial owner of Series 7 Shares or Series 8 Shares to pledge such shares or otherwise take action with respect to such owner's interest in such shares (other than through a CDS Participant) may be limited due to the lack of a physical certificate.

The Corporation has the option to terminate registration of the Series 7 Shares and Series 8 Shares through the book entry only system, in which event certificates for Series 7 Shares and Series 8 Shares in fully registered form will be issued to the beneficial owners of such shares or their nominees.

Neither the Corporation nor the Underwriters will assume any liability for: (a) any aspect of the records relating to the beneficial ownership of the Series 7 Shares or Series 8 Shares held by CDS or the payments relating thereto; (b) maintaining, supervising or reviewing any records relating to the Series 7 Shares or Series 8 Shares; or (c) any advice or representation made by or with respect to CDS and those contained in this prospectus supplement and relating to the rules governing CDS or any action to be taken by CDS or at the direction of its CDS Participants. The rules governing CDS provide that it acts as the agent and depository for the CDS Participants. As a result, CDS Participants must look solely to CDS and persons, other than CDS Participants, having an interest in the Series 7

Shares or Series 8 Shares must look solely to CDS Participants for payments made by or on behalf of the Corporation to CDS in respect of the Series 7 Shares or Series 8 Shares.

If (i) required by applicable law, (ii) the book entry only system ceases to exist, (iii) the Corporation determines that CDS is no longer willing or able to discharge properly its responsibilities as depository with respect to the Series 7 Shares or Series 8 Shares and the Corporation is unable to locate a qualified successor, or (iv) the Corporation, at its option, decides to terminate the book entry only system, then certificates representing the Series 7 Shares and Series 8 Shares, as applicable, will be made available and sent to registered holders.

PLAN OF DISTRIBUTION

Pursuant to an underwriting agreement (the "**Underwriting Agreement**") dated September 2, 2014 among the Corporation and the Underwriters, the Corporation has agreed to sell an aggregate of 10,000,000 Series 7 Shares to the Underwriters, and the Underwriters have severally (and not jointly or jointly and severally) agreed to purchase from the Corporation, as principals, such Series 7 Shares at a price of \$25.00 per Series 7 Share payable in cash against delivery on the Offering Closing Date. The Underwriting Agreement provides that, in consideration of the services of the Underwriters in connection with the Offering, the Corporation will pay the Underwriters a fee of \$0.25 per Series 7 Share issued and sold by the Corporation to certain institutions, and \$0.75 per Series 7 Share for all other Series 7 Shares issued and sold by the Corporation as part of the Offering, for an aggregate fee payable by the Corporation of \$7,500,000 (assuming no sales are made to such certain institutions). The Underwriters' fee is payable on the Offering Closing Date.

The terms of the Offering were established through negotiations between the Corporation and the Co-Lead Underwriters, on their own behalf and on behalf of the other Underwriters.

The obligations of the Underwriters under the Underwriting Agreement are several (and not joint or joint and several) and each Underwriter is entitled, at its option, to terminate and cancel its obligations under the Underwriting Agreement if, prior to the closing time on the Offering Closing Date: (a) any order to cease or suspend trading in any securities of the Corporation or prohibiting or restricting the distribution of any of the Series 7 Shares is made, or proceedings are announced, commenced or threatened for the making of any such order, by any securities commission or similar regulatory authority, by the TSX or the New York Stock Exchange (the "**NYSE**") or by any other competent authority, and has not been rescinded, revoked or withdrawn; (b) any inquiry, investigation or other proceeding (whether formal or informal) is announced, commenced or threatened or any order or ruling is issued (and has not been rescinded, revoked or withdrawn) by any securities commission or similar regulatory authority, by the TSX or the NYSE or by any other competent authority or there is a change in law, regulation or policy or the interpretation or administration thereof, if, in the reasonable opinion of the Underwriters or any of them, the announcement, commencement, threatening or issuing thereof materially adversely affects the trading or distribution of the Series 7 Shares; (c) there should develop, occur or come into effect or existence any event, action, state, condition or major financial occurrence of national or international consequence or any law or regulation which, in the opinion of the Underwriters or any of them, seriously adversely affects, or involves, or will seriously adversely affect, or involve, the financial markets generally or the business, operations or affairs of the Corporation and its subsidiaries taken as a whole; (d) there shall occur a negative change in the rating or outlook applicable to the Series 7 Shares by DBRS (as defined herein) or S&P (as defined herein) or if one of such organizations shall place the Series 7 Shares on a "credit watch"; or (e) there should occur any material change or change in a material fact or the Underwriters becoming aware, whether as a result of their due diligence or otherwise, of any material fact with respect to the Corporation, which had not been publicly disclosed at or prior to the date of the Underwriting Agreement, in either case which, in the reasonable opinion of the Underwriters or any of them, would be expected to have a significant adverse effect on the market price or value of the Series 7 Shares.

If an Underwriter fails to purchase the Series 7 Shares which it has agreed to purchase, the other Underwriters may, but are not obligated to, purchase such Series 7 Shares, provided that, if the aggregate number of Series 7 Shares not purchased is less than 2% of the aggregate number of Series 7 Shares agreed to be purchased by the Underwriters, then each of the other Underwriters is obligated to purchase severally the Series 7 Shares not taken up, on a pro rata basis or as they may otherwise agree as between themselves. If the aggregate number of Series 7 Shares not purchased is equal to or greater than 2% of the aggregate number of Series 7 Shares agreed to be purchased by the Underwriters, then each of the other Underwriters shall be relieved of its obligations to purchase its respective

percentage of the Series 7 Shares, subject to the terms and conditions of the Underwriting Agreement. The Underwriters are, however, obligated to take up and pay for all Series 7 Shares if any Series 7 Shares are purchased under the Underwriting Agreement. The Underwriting Agreement also provides that the Corporation will indemnify the Underwriters and their respective affiliates and each of their respective directors, officers, employees and agents against certain liabilities and expenses.

The Underwriters propose to offer the Series 7 Shares initially at the public offering price specified on the cover page of this prospectus supplement. After the Underwriters have made a reasonable effort to sell all of the Series 7 Shares offered by this prospectus supplement at the price specified herein, the offering price may be decreased and may be further changed from time to time to an amount not greater than \$25.00. In the event the offering price of the Series 7 Shares is reduced, the compensation received by the Underwriters will be decreased by the amount by which the aggregate price paid by the purchasers for the Series 7 Shares is less than the gross proceeds paid by the Underwriters to the Corporation for the Series 7 Shares. Any such reduction will not affect the proceeds received by the Corporation.

Subscriptions for Series 7 Shares will be received subject to rejection or allotment in whole or in part, and the right is reserved to close the subscription books at any time without notice.

The TSX has conditionally approved the listing of the Series 7 Shares and Series 8 Shares described in this prospectus supplement. Listing of the Series 7 Shares is subject to the Corporation fulfilling all the listing requirements of the TSX on or before December 3, 2014. Listing of the Series 8 Shares is subject to the Corporation fulfilling all the listing requirements of the TSX, including the public distribution requirements of the Series 8 Shares at the time of any conversion into Series 8 Shares.

The Corporation has agreed that, subject to certain exceptions, it shall not sell or agree or offer to sell or grant any option for the sale of or otherwise dispose of any preferred shares or any other shares with provisions or characteristics similar to the Series 7 Shares, or announce such intention, prior to 60 days after the Offering Closing Date without the prior consent of the Co-Lead Underwriters, on behalf of the Underwriters, which consent shall not be unreasonably withheld or delayed.

Pursuant to policy statements of certain securities regulators, the Underwriters may not, throughout the period of distribution, bid for or purchase Series 7 Shares. The policy statements allow certain exceptions to the foregoing prohibitions. The Underwriters may only avail themselves of such exceptions on the condition that the bid or purchase not be engaged in for the purpose of creating actual or apparent active trading in, or raising the price of, the Series 7 Shares. These exceptions include a bid or purchase permitted under the Universal Market Integrity Rules for Canadian Marketplaces of the Investment Industry Regulatory Organization of Canada, relating to market stabilization and passive market making activities and a bid or purchase made for and on behalf of a customer where the order was not solicited during the period of distribution. Pursuant to the first mentioned exception, in connection with the Offering, the Underwriters may over-allot or effect transactions which stabilize or maintain the market price of the Series 7 Shares at levels other than those which otherwise might prevail on the open market. Such transactions, if commenced, may be discontinued at any time.

The Series 7 Shares have not been and will not be registered under the U.S. Securities Act, or the securities laws of any state of the United States and, accordingly may not be offered or sold within the United States.

RELATIONSHIP AMONG THE CORPORATION AND THE UNDERWRITERS

Each of CIBC World Markets Inc., Scotia Capital Inc., RBC Dominion Securities Inc., BMO Nesbitt Burns Inc., National Bank Financial Inc. and TD Securities Inc. is, directly or indirectly, a wholly-owned or majority-owned subsidiary of a Canadian chartered bank that is a lender to Pembina and its subsidiaries. In addition, CIBC World Markets Inc. also acted as a financial advisor to Pembina in connection with the Acquisition. Furthermore, each of RBC Dominion Securities Inc. and TD Securities Inc. is an affiliate of a Canadian chartered bank that is a lender under the Vantage Credit Facility that Pembina has agreed to repay at closing of the Acquisition. The outstanding indebtedness under the Vantage Credit Facility is US\$224 million. Consequently, the Corporation may be considered to be a connected issuer of each Underwriter, except for GMP Securities L.P., under applicable securities laws. See "Recent Developments" and "Use of Proceeds".

As at September 4, 2014, there were no amounts owed to the lenders in aggregate under the Credit Facilities. Any debt outstanding under the Credit Facilities will be unsecured. Pembina is in compliance with all material terms of the agreements governing the Credit Facilities and none of the lenders has waived any material breach by Pembina of such agreements since their execution. The financial position of Pembina has not changed substantially and adversely since the indebtedness under these facilities was incurred. The decision to distribute the Series 7 Shares offered hereby and the determination of the terms of the distribution were made through negotiations between CIBC World Markets Inc. on its own behalf and on behalf of the other Underwriters. The lender affiliates of such Underwriters under the Credit Facilities did not have any involvement in such decision or determination, but have been advised of the issuance and the terms thereof. As a consequence of this Offering, each of CIBC World Markets Inc., Scotia Capital Inc., RBC Dominion Securities Inc., BMO Nesbitt Burns Inc., National Bank Financial Inc. and TD Securities Inc. will receive its share of the Underwriters' fee. In addition, if the Acquisition is completed, CIBC World Markets Inc. will be paid a fee for its financial advisory services in connection therewith. Furthermore, if the Acquisition is completed, lenders under the Vantage Credit Facility may receive a portion of the net proceeds of this Offering from Pembina as a repayment of outstanding indebtedness under such facility. See "Use of Proceeds".

CREDIT RATINGS

The Series 7 Shares have been rated Pfd-3 by DBRS Limited ("**DBRS**") and P-3 (High) by Standard & Poor's ("**S&P**") (DBRS and S&P are each a "**Rating Agency**" and together the "**Rating Agencies**"). Credit ratings are intended to provide investors with an independent measure of credit quality of an issue of securities. The Rating Agencies' ratings for preferred shares range from a high of Pfd-1 to a low of D for DBRS and from a high of P-1 to a low of D for S&P.

According to the DBRS rating system, securities rated Pfd-3 are of adequate credit quality. While protection of dividends and principal is still considered acceptable, the issuing entity is more susceptible to adverse changes in financial and economic conditions, and there may be other adverse conditions present which detract from debt protection. "High" or "low" grades are used to indicate the relative standing within a rating category. The absence of either a "high" or "low" designation indicates the rating is in the middle of the category.

According to the S&P rating system, securities rated P-3 are regarded as having significant speculative characteristics. While such securities will likely have some quality and protective characteristics, these may be outweighed by large uncertainties or major exposures to adverse conditions. The ratings from P-1 to P-5 may be modified by "high" and "low" grades which indicate relative standing within the major rating categories.

Credit ratings are intended to provide investors with an independent measure of credit quality of an issue of securities. Credit ratings are not recommendations to purchase, hold or sell securities and do not address the market price or suitability of a specific security for a particular investor. There is no assurance that any rating will remain in effect for any given period of time or that any rating will not be revised or withdrawn entirely by a rating agency in the future if, in its judgment, circumstances so warrant.

The Corporation will pay fees to each of S&P and DBRS for the credit ratings to be rendered on the Series 7 Shares. The Corporation has also paid fees to each of S&P and DBRS for credit ratings provided on other outstanding securities of the Corporation. Additional information relating to such other ratings is included under the heading "Description of the Capital Structure of the Corporation - Credit Ratings" in the AIF. Other than those payments made in respect of credit ratings, no additional payments have been made to either of S&P and DBRS for any other services provided to the Corporation during the past two years.

RISK FACTORS

An investment in the Series 7 Shares is subject to various risks including those risks inherent to the industries in which Pembina operates. Before deciding whether to invest in any Series 7 Shares, prospective purchasers of Series 7 Shares should consider carefully the risk factors contained in and incorporated by reference in the Prospectus and in this prospectus supplement.

Discussions of certain risks affecting Pembina in connection with its business are provided in Pembina's annual disclosure documents filed with the various securities regulatory authorities which are incorporated by reference in the Prospectus.

Risks Relating to Securities Offered under this Prospectus Supplement

Market for Securities

There is currently no market through which the Series 7 Shares may be sold and purchasers of Series 7 Shares may not be able to resell the Series 7 Shares purchased under this prospectus supplement. The price offered to the public for the Series 7 Shares and the number of Series 7 Shares to be issued have been determined by negotiations among the Corporation and the Underwriters. The price paid for each Series 7 Share may bear no relationship to the price at which the Series 7 Shares will trade in the public market subsequent to this Offering. The Corporation cannot predict at what price the Series 7 Shares will trade and there can be no assurance that an active trading market will develop for the Series 7 Shares or, if developed, that such market will be sustained. The TSX has conditionally approved the listing of the Series 7 Shares and Series 8 Shares described in this prospectus supplement. Listing is subject to the Corporation fulfilling all the listing requirements of the TSX on or before December 3, 2014, including distribution of the Series 7 Shares and, at the time of any conversion into Series 8 Shares, to a minimum number of public securityholders.

Market Price

The market price of the Series 7 Shares and Series 8 Shares may fluctuate due to a variety of factors relative to the Corporation's business, including announcements of new developments, change in credit ratings, fluctuations in the Corporation's operating results, sales of the Series 7 Shares and Series 8 Shares in the marketplace, failure to meet analysts' expectations, any public announcements made in regard to this Offering, the impact of various tax laws or rates and general market conditions or the worldwide economy. In recent years, stock markets have experienced significant price fluctuations, which have been unrelated to the operating performance of the affected companies. There can be no assurance that the market price of the Series 7 Shares and Series 8 Shares will not experience significant fluctuations in the future, including fluctuations that are unrelated to the Corporation's performance.

Prevailing yields on similar securities will affect the market value of the Series 7 Shares and Series 8 Shares. Assuming all other factors remain unchanged, the market value of the Series 7 Shares and Series 8 Shares would be expected to decline as prevailing yields for similar securities rise and would be expected to increase as prevailing yields for similar securities decline. Spreads over the Government of Canada Yield, T-Bill Rate and comparable benchmark rates of interest for similar securities will also affect the market value of the Series 7 Shares and Series 8 Shares in an analogous manner.

Dividends

The uncertainty of future dividend payments by the Corporation and the level thereof as the Corporation's dividend policy and the funds available for the payment of dividends from time to time will be dependent upon, among other things, operating cash flow generated by the Corporation and its subsidiaries, financial requirements for the Corporation's operations and the execution of its growth strategy and the satisfaction of solvency tests imposed by the *Business Corporations Act* (Alberta) for the declaration and payment of dividends.

The dividend rate for the Series 7 Shares and the Series 8 Shares will reset every five years and quarterly, respectively. In each case, the new dividend rate is unlikely to be the same as, and may be lower than, the dividend rate for the applicable preceding period. Investments in the Series 8 Shares, given their floating interest component, entail risks not associated with investments in the Series 7 Shares. The resetting of the applicable rate on a Series 8 Share may result in a lower yield compared to fixed rate Series 7 Shares. The applicable rate on a Series 8 Share will fluctuate in accordance with fluctuations in the T-Bill Rate on which the applicable rate is based, which in turn may fluctuate and be affected by a number of interrelated factors, including economic, financial and political events over which the Corporation has no control. See "Details of the Offering - Certain Provisions of the Series 8 Shares - Dividends on Series 8 Shares".

Credit Ratings

The credit ratings applied to the Series 7 Shares are an assessment, by the Rating Agencies, of the Corporation's ability to pay its obligations. The credit ratings are based on certain assumptions about the future performance and capital structure of the Corporation that may or may not reflect the actual performance or capital structure of the Corporation. Changes in credit ratings of the Series 7 Shares may affect the market price or value and the liquidity of the Series 7 Shares. There is no assurance that any credit rating assigned to the Series 7 Shares will remain in effect for any given period of time or that any rating will not be lowered or withdrawn entirely by the relevant Rating Agency. See "Credit Ratings".

Insolvency or Winding-Up

The Series 7 Shares and Series 8 Shares are equity capital of the Corporation which rank equally with other Class A Preferred Shares, if any, in the event of an insolvency or winding-up of the Corporation. If the Corporation becomes insolvent or is wound up, the Corporation's assets must be used to pay liabilities and other debt before payments may be made on the Series 7 Shares, Series 8 Shares and other Class A Preferred Shares, if any.

Automatic Conversion

An investment in the Series 7 Shares may become an investment in Series 8 Shares without the consent of the holder in the event of an automatic conversion of the Series 7 Shares into Series 8 Shares. Upon such automatic conversion, the dividend rate on the Series 8 Shares will be a floating rate that is adjusted quarterly by reference to the T-Bill Rate which may vary from time to time while the dividend rate on the Series 7 Shares will be, for each five-year period, a fixed rate that is determined by reference to the Government of Canada Yield on the 30th day prior to the first day of each such five-year period. In addition, holders may be prevented from converting their Series 7 Shares into Series 8 Shares in certain circumstances. See "Details of the Offering".

No Fixed Maturity

Neither the Series 7 Shares nor the Series 8 Shares have a fixed maturity date and are not redeemable at the option of the holders of Series 7 Shares or the Series 8 Shares, as applicable. The ability of a holder to liquidate its holdings of Series 7 Shares and the Series 8 Shares, as applicable, may be limited.

No Voting Rights

Holders of Series 7 Shares and Series 8 Shares will not generally have voting rights at meetings of shareholders of the Corporation except under limited circumstances. See "Details of the Offering".

Redeemable

The Corporation may choose to redeem the Series 7 Shares and/or Series 8 Shares from time to time, in accordance with its rights described under "Details of the Offering - Certain Provisions of the Series 7 Shares - Redemption of Series 7 Shares" and "Details of the Offering - Certain Provisions of the Series 8 Shares - Redemption of Series 8 Shares", including when prevailing interest rates are lower than yield borne by the Series 7 Shares and Series 8 Shares. If prevailing rates are lower at the time of redemption, a purchaser would not be able to reinvest the redemption proceeds in a comparable security at an effective yield as high as the yield on the Series 7 Shares or Series 8 Shares being redeemed. The Corporation's redemption right may also adversely impact a purchaser's ability to sell Series 7 and Series 8 Shares.

Incurrence of Additional Indebtedness

Pembina may incur additional indebtedness that may adversely affect its ability to meet its financial obligations under the Series 7 Shares.

Pembina may incur additional indebtedness in the future, which could have important consequences to holders of the Series 7 Shares, including the following:

- Pembina could have insufficient cash to meet its financial obligations, including obligations under the Series 7 Shares;
- the ability to obtain additional financing for working capital, capital expenditures or general corporate purposes may be impaired; and
- a significant degree of debt could make Pembina more vulnerable to changes in general corporate and industry conditions.

Refinancing Risks

Pembina may be exposed to additional risks such as interest rate and refinancing risk, capital market risk and industry risk. Details associated with these risks can be found in the AIF and the Annual MD&A which are incorporated by reference in the Prospectus.

Risks Relating to the Acquisition

Failure to Complete the Acquisition

Completion of the Acquisition is subject to the receipt of all necessary regulatory approvals, including approval of the National Energy Board and under the *Competition Act* (Canada) and the *Canada Transportation Act*, and other customary closing conditions, including the approval of the TSX. The failure to obtain any such approvals, or to satisfy the other conditions to closing, will prevent Pembina from completing the Acquisition. The completion of the Acquisition is also subject to normal commercial risks. There can be no assurance regarding closing of the Acquisition and risks relating thereto.

If the Acquisition does not close, the portion of the proceeds to be allocated to the Acquisition will be reallocated to the remaining purposes set forth under "Use of Proceeds".

Possible Failure to Realize Anticipated Benefits of the Acquisition

Pembina is proposing to complete the Acquisition to achieve a variety of benefits, including geographically diversifying its pipeline and midstream infrastructure, gaining access to a new and prolific resource play in North Dakota and augmenting its fee-for-service cash flow stream. Achieving the benefits of the Acquisition depends in part on successfully consolidating functions and integrating operations, procedures and personnel in a timely and efficient manner, as well as Pembina's ability to realize the anticipated growth and development opportunities from Vantage and SEEP. The integration of Vantage and SEEP will require the dedication of considerable management effort, time and resources, which may divert management's focus and resources from other strategic opportunities and from operational matters during this process. The integration process may result in the loss of key employees and the disruption of ongoing business, customer and employee relationships that may adversely affect Pembina's ability to achieve the anticipated benefits of the Acquisition.

ELIGIBILITY FOR INVESTMENT

In the opinion of Blake, Cassels & Graydon LLP, counsel to Pembina, and Stikeman Elliott LLP, counsel to the Underwriters, based on current provisions of the Tax Act, subject to the provisions of any particular plan, the Series 7 Shares offered hereby, if issued on the date hereof, would be, on such date, qualified investments for purposes of the Tax Act for trusts governed by registered retirement savings plans ("**RRSPs**"), registered retirement income funds ("**RRIFs**"), registered disability savings plans, registered education savings plans, deferred profit sharing plans and tax free savings accounts ("**TFASAs**"), each as defined in the Tax Act.

Notwithstanding the foregoing, if the Series 7 Shares are a "prohibited investment" for the purposes of an RRSP, RRIF or TFSA, the annuitant under an RRSP or RRIF or the holder of a TFSA, as the case may be, will be subject to a penalty tax as set out in the Tax Act. The Series 7 Shares will not be a prohibited investment for an RRSP, RRIF

or TFSA provided that the annuitant of the RRSP or RRIF or the holder of the TFSA, as the case may be, deals at arm's length with Pembina for purposes of the Tax Act and does not have a "significant interest" (within the meaning of the Tax Act) in Pembina. Generally, a holder or annuitant will have a significant interest in Pembina if the holder or annuitant and/or persons or partnerships not dealing at arm's length with the holder own directly or indirectly 10% or more of the issued shares of any class or series in the capital stock of Pembina or a corporation related to Pembina (within the meaning of the Tax Act). In addition, the Series 7 Shares will not be a prohibited investment if the Series 7 Shares are "excluded property" (as defined in the Tax Act) for the purposes of section 207.01 of the Tax Act for trusts governed by an RRSP, RRIF or TFSA.

Prospective investors who intend to hold Series 7 Shares in their RRSP, RRIF or TFSA should consult their own tax advisers regarding their particular circumstances.

CERTAIN CANADIAN FEDERAL INCOME TAX CONSEQUENCES

In the opinion of Blake, Cassels & Graydon LLP, counsel to the Corporation, and Stikeman Elliott LLP, counsel to the Underwriters, the following summary, as of the date hereof, describes the principal Canadian federal income tax considerations generally applicable under the provisions of the Tax Act to a prospective purchaser of Series 7 Shares pursuant to this prospectus supplement who, at all relevant times, for the purposes of the Tax Act, is (or is deemed to be) resident in Canada, holds the Series 7 Shares and will hold the Series 8 Shares, as applicable, as capital property, and deals at arm's length with the Corporation and the Underwriters and is not affiliated with the Corporation or the Underwriters (a "**Holder**"). Generally, the Series 7 Shares or Series 8 Shares will be considered to be capital property to a Holder provided the Holder does not hold the shares in the course of carrying on a business of trading or dealing in securities and has not acquired them in one or more transactions considered to be an adventure in the nature of trade. Certain Holders who might not otherwise be considered to hold their Series 7 Shares or Series 8 Shares as capital property may, in certain circumstances, be entitled to have them and all other "Canadian securities" (as defined in the Tax Act) owned by them in the year of election or in any subsequent taxation year treated as capital property by making the irrevocable election permitted by subsection 39(4) of the Tax Act. Holders who do not hold their Series 7 Shares or will not hold their Series 8 Shares, as applicable, as capital property should consult their own tax advisers with respect to their own particular circumstances. This summary assumes the Series 7 Shares and the Series 8 Shares will be listed on a designated stock exchange in Canada under the Tax Act (which currently includes the TSX) at all relevant times.

This summary is not applicable to a Holder: (i) that is a "financial institution", as defined in the Tax Act for the purpose of the "mark-to-market" rules; (ii) an interest in which would be a "tax shelter investment" as defined in the Tax Act; (iii) that is a "specified financial institution" as defined in the Tax Act; (iv) which has made a "functional currency" election under the Tax Act to determine its Canadian tax results in a currency other than Canadian currency; or (v) that has entered into or will enter into, in respect of the Series 7 Shares or the Series 8 Shares, a "derivative forward agreement", as that term is defined in the Tax Act. Any such Holder should consult its own tax advisers with respect to an investment in the Series 7 Shares.

This summary is based upon the current provisions of the Tax Act, all specific proposals to amend the Tax Act publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof (the "**Proposals**"), existing case law and counsel's understanding of the current published administrative and assessing practices of the Canada Revenue Agency. This summary assumes the Proposals will be enacted in the form proposed; however, no assurance can be given that the Proposals will be enacted in their current form, or at all. This summary is not exhaustive of all possible Canadian federal income tax considerations and, except for the Proposals, does not take into account or anticipate any changes in law, whether by legislative, governmental or judicial decision or action, nor does it take into account any provincial, territorial or foreign income tax legislation or considerations.

This summary is of a general nature only and is not intended to be, nor should it be construed to be, legal or tax advice to any particular Holder of Series 7 Shares or Series 8 Shares. No representations are made with respect to the income tax consequences to any particular Holder. Consequently, prospective Holders should consult their own tax advisers with respect to their particular circumstances for advice with respect to the tax consequences to them of acquiring, holding and disposing of the Series 7 Shares or the Series 8 Shares, including the application and effect of the income and other tax laws of any country, province, state or local tax authority.

Dividends

Dividends (including deemed dividends) received (or deemed to be received) on the Series 7 Shares or the Series 8 Shares, as the case may be, by a Holder that is an individual (other than certain trusts) will be included in such Holder's income and will be subject to the gross-up and dividend tax credit rules normally applicable to taxable dividends received from taxable Canadian corporations. Individuals are entitled to an enhanced gross-up and dividend tax credit in respect of "eligible dividends" received from taxable Canadian corporations, such as the Corporation, if such dividends have been designated as eligible dividends by the Corporation. By notice in writing on the Corporation's website, the Corporation advised its shareholders that all dividends paid by the Corporation will be "eligible dividends" unless otherwise notified for Canadian tax purposes. Management of the Corporation has advised counsel that the Corporation anticipates that the dividends paid to the holders of the Series 7 Shares and the Series 8 Shares will be designated as eligible dividends unless otherwise notified at the time of the dividend declaration.

Dividends received by a Holder who is an individual (other than certain trusts) may give rise to a liability for alternative minimum tax under the Tax Act.

Dividends (including deemed dividends) received on the Series 7 Shares or the Series 8 Shares, as the case may be, by a Holder which is a corporation will be included in computing the Holder's income and will generally be deductible in computing the Holder's taxable income. A "private corporation", as defined in the Tax Act, or any other corporation controlled (whether by reason of a beneficial interest in one or more trusts or otherwise) by or for the benefit of an individual (other than a trust) or a related group of individuals (other than trusts), will generally be liable to pay a 33 $\frac{1}{3}$ % refundable tax under Part IV of the Tax Act on dividends received (or deemed to be received) on the Series 7 Shares or the Series 8 Shares, as the case may be, to the extent such dividends are deductible in computing its taxable income.

The Series 7 Shares and the Series 8 Shares will be "taxable preferred shares" as defined in the Tax Act. The terms of the Series 7 Shares and the Series 8 Shares require the Corporation to make the necessary election under Part VI.1 of the Tax Act so that corporate Holders will not be subject to tax under Part IV.1 of the Tax Act on dividends received (or deemed to be received) on the Series 7 Shares or the Series 8 Shares.

Dispositions

A Holder who disposes of or is deemed to dispose of Series 7 Shares or Series 8 Shares (on the redemption of such shares or otherwise but not including on a conversion of Series 7 Shares into Series 8 Shares or a conversion of Series 8 Shares into Series 7 Shares) will generally realize a capital gain (or a capital loss) to the extent that the Holder's proceeds of disposition, net of any reasonable costs of disposition, exceed (or are less than) the adjusted cost base of such shares to the Holder. The amount of any deemed dividend arising on the redemption, acquisition or cancellation by the Corporation of Series 7 Shares or Series 8 Shares, as the case may be, will generally not be included in computing the Holder's proceeds of disposition for purposes of computing the capital gain (or capital loss) arising on the disposition of such Series 7 Shares or Series 8 Shares, as the case may be. See "— Redemption" below. If the Holder is a corporation, any capital loss arising on a disposition of a Series 7 Share or a Series 8 Share, as the case may be, may, in certain circumstances, be reduced by the amount of any dividends, which have been received (or deemed to be received) on the Series 7 Share or Series 8 Share or any share which was converted into such share. Analogous rules apply to a partnership or trust of which a corporation, partnership or trust is a member or beneficiary.

Generally, one-half of any capital gain will be included in computing the Holder's income in the year of disposition as a taxable capital gain and one-half of any capital loss (an "allowable capital loss") must be deducted from the Holder's taxable capital gains in the year of disposition. Allowable capital losses in excess of taxable capital gains for a taxation year generally may be carried back up to three taxation years or carried forward indefinitely and deducted against net taxable capital gains in those other taxation years. Capital gains realized by an individual may give rise to a liability for alternative minimum tax under the Tax Act. Taxable capital gains of a "Canadian-controlled private corporation", as defined in the Tax Act, may be subject to an additional refundable tax at a rate of 6 $\frac{2}{3}$ %.

Redemption

If the Corporation redeems Series 7 Shares or Series 8 Shares, or otherwise acquires or cancels Series 7 Shares or Series 8 Shares (other than by a purchase by the Corporation of the shares in the open market in the manner in which shares are normally purchased by any member of the public in the open market), the Holder will be deemed to have received a dividend equal to the amount, if any, paid by the Corporation in excess of the paid-up capital (as determined for purposes of the Tax Act) of such shares at such time. Generally, the difference between the amount paid and the amount of the deemed dividend will be treated as proceeds of disposition for purposes of computing the capital gain or capital loss arising on the disposition of such shares. See "— Dispositions" above. In the case of a Holder that is a corporation, it is possible that in certain circumstances all or part of any such deemed dividend may be treated as proceeds of disposition and not as a dividend.

Conversion

The conversion of Series 7 Shares into Series 8 Shares and the conversion of Series 8 Shares into Series 7 Shares will not constitute a disposition of property for purposes of the Tax Act and, accordingly, will not give rise to a capital gain or capital loss. The cost to a Holder of the Series 8 Shares or Series 7 Shares, as the case may be, received on the conversion will, subject to the cost averaging rules contained in the Tax Act for identical properties, be deemed to be equal to the Holder's adjusted cost base of the converted Series 7 Shares or Series 8 Shares, as the case may be, immediately before the conversion.
