- Work in Progress screens are not as tabs displayed at top
- Right-click on bar to bring up tab options

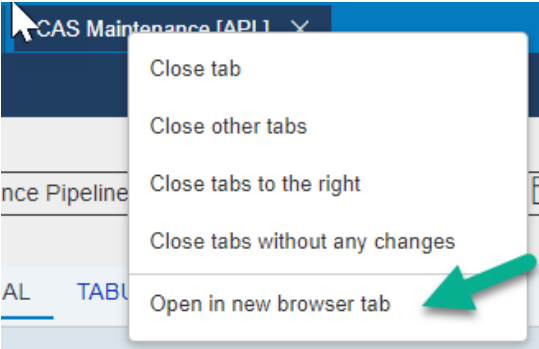

The screenshot shows the 'System Sitemap' interface with a right-click context menu open over the tab bar. The menu options are:

- Close tab
- Close other tabs
- Close tabs to the right
- Close tabs without any changes
- Open in new browser tab

The interface includes a sidebar with navigation items: Dashboard, Nominations, Flowing Gas, Invoicing, Capacity Release, Contracts, Reports, Informational Postings, and Sitemap. The main content area displays a tree view of the system sitemap, including Pipeline, System, Configuration, Logging, Batch And Reporting, Maintenance, RFSBidApproval, ITDailyFirmBidding, Allocations, Billing, and Business Associate.

Multiple Browser Tabs

- Right-click on an open tab to bring up tab options
- Open in new browser tab, launches the current tab in a new browser

Two side-by-side screenshots of the CAS Maintenance [APL] application interface. Both screenshots show a dashboard with various filters and data tables. The left screenshot shows a table with columns: Acti..., Sched Object ID, Sched Object Name, Sched Object Type, POV, Cap Qty, Prelim Cut?, and Flow Qty (GJ). The right screenshot shows a table with columns: Acti..., Sched Object ID, Sched Object Name, Sched Object Type, POV, Cap Qty, Prelim Cut?, and Flow Qty (DTH). Both screenshots also show a 'Rule Set' table at the bottom with columns: Rule Set ID, Rank, Transaction Group Name, Method, Eval Qty (GJ), Reduction Qty (GJ), and Prop Sched Qty (GJ).

Report Screen

- Report types and reports are easier to see and remain on the screen
- Option to search for all reports or filter within selected report type

The screenshot displays the 'Reports [APL]' interface. At the top, there's a navigation bar with 'Dashboard', 'System Sitemap', 'Nomination Submission [APL]', and 'Reports [APL]'. Below this, a list of report categories is shown on the left, including 'ALLOCATIONS (QPTM)', 'BILLING (QPTM)', 'CAPACITY ALLOCATION SCHEDULING (QPTM)', etc. A search bar is present above the list. The main area shows a detailed view of the 'AGGREGATE LOCATION MONTHLY' report, which is highlighted in blue. This view includes a 'Filter reports below' section with a search input and a 'Hide Descriptions' checkbox. The report details are organized into sections: 'AGGREGATE LOCATION MONTHLY' with fields for 'TSP NO' (Alliance Pipeline Limited Partnership), 'ACCOUNTING MONTH', 'PRODUCTION MONTH', 'AGGREGATE LOCATION ID', 'OPERATOR BP NO', 'LOCATION ANALYST', 'GAS DAY', and 'PPAS ONLY?'. There is also an 'Advanced Parameters' section with a 'Show more' link and a note: '(M) - Multiple value input. Use ',' to separate values.'

Nomination Submission

- Service Requester filters are now visible in the header

The screenshot displays the 'Nomination Submission [APL]' interface. The top header bar includes navigation options like 'Retrieve', 'Validate', 'Submit', and 'Cancel'. Below this, a filter bar contains fields for 'TSP Prop' (1000), 'TSP Name' (Alliance Pipeline Limited Partnership), 'Gas Day' (9/8/2023), 'Def End Gas Day' (9/30/2023), and 'Cycle' (1 | Timely). A summary bar shows 'Svc Req Totals' with various quantities (Buy, Rec, Rec Var, Fuel, Del, Sell, Del Var) and an 'Include Errors' checkbox. The main form area includes fields for 'TSP Prop', 'TSP Name', 'Gas Day', 'Def End Gas Day', 'Cycle', and 'Query Cycle'. A red box highlights the 'Svc Req' section, which includes 'Svc Req', 'Svc Req Prop', and 'Svc Req Name' fields. Another red box highlights the 'Svc Req K' and 'Act Cd' fields. At the bottom, there are tabs for 'PNT NOMINATIONS', 'PATH SUMMARY', 'LOCATION SUMMARY', and 'ERRORS'.
